MILLBURY SELECTMEN'S MEETING DIGEST

Board Discusses Leasing of Closed School Buildings

By Edward J. Cooney

NOVEMBER 17, 1987

Chairman Jude Cristo called the meeting to order at 7:00 p.m. Warrants were signed and minutes of July 28, 1987 were reviewed with several corrections made by Selectman Wynton Adams.

Adams suggested that the minutes be held for a vote for acceptance at next week's meeting. He requested that an item concerning a motion be clarified before a vote is taken.

Administrator Earl Chase then began his weekly report, informing the Board that security lights will be installed in the corridor between the new office building and Rix Super Drug on Elm Street. Chase also reported that a gate has been installed to block off the three foot corridor.

- Chase reported that Dick Wiberg will serve as Acting Chairman of the Conservation Commission in the absence of Dick Luikey.

- Chase reported that Borggaard Construction, who received approval for street openings last week on Bellville Lane and Carousel Drive, would be meeting with the Sewage Commission at 8:00 p.m. tonight concerning sewage projects relating to the Oakwood Heights project off Grafton Street.

Selectman John Donnelly expressed concern that the Board had not seen a plan for the sewage project and street openings. He noted that from his own observations on the amount of pipe and equipment located in the area of Bellville Lane, that it would not be a little project. He expressed concern that conditions similar to the Millbury Avenue project might occur.

Adams also expressed concern that the project could create a mess all winter. He suggested that they wait and start in the Spring. Cristo suggested that Chase attend the meeting at 8:00 in the sewage commission office.

- At 7:15, the Board met with School Committee Chairman Chet Hanratty and Vice Chairman Ed Wilczynski. Both men were present to discuss the leasing of closed school buildings.

Hanratty stated that the School Committee was interested in hearing the Board's opinion on leasing and on appointing the school committee as leasing agents for the town.

Cristo expressed a concern of some board members on preventive maintenance at the closed school buildings.

Hanratty stated that the Center School has not been touched except for work done by the Youth Activities Committee. He noted that the Dorothy Manor building was renovated when it was last leased, with funds obtained from the lessee. Hanratty suggested that if both buildings were leased, funds could be utilized to keep up the buildings.

Adams questioned how money obtained from leasing is handled. Hanratty replied that monies are placed in a revolving fund. Any monies left at the end of the year are returned to the General Fund of the Town.

INSURANCE ISN'T JUST A POLICY.

It's people helping people.

Insurance is a lot more than just rates, premiums, and coverages. It's people helping other people.

At the Protector Group, we understand that. We know that to be a good insurance agency, we have to be a good listener. We believe that to provide the proper coverage to a person or a business, you must take the time to understand that person's or company's needs.

It's these simple truths that have helped us grow to be one of the largest independent insurance agencies in Central Massachusetts. Because when you know the names and faces behind the policies—as we do—you work a little harder to protect them.

Introducing the

Transformer Mortgage

Because rates that go up, can come down.

If mortgage rates that go up can come down, why lock into a high fixed rate now?

With the Transformer Mortgage from Fidelity Co-operative Bank, you don't have to. The Transformer lets you pay a low adjustable rate now **or** lock into a fixed rate security at your option. You can keep your adjustable rate until fixed rates are lower, and convert to a fixed rate at no cost to you anytime between the first anniversary and the fifth anniversary of your loan, **or** lock in a fixed rate up to seven days prior to closing. The decision if and when to lock in is yours. That's the Fidelity Transformer advantage.

Initial Rate	Annual Percentage Rate
plus one point	
7.875%	***9.438%**

If you want the Fidelity Transformer Mortgage, just stop by or call any one of our offices.

Because rates that go up, can come down...

Member Federal Home Loan Bank System
Member FDIC · An Equal Opportunity Lender

*Rates subject to change without notice. Interest rate is adjusted annually, based upon the weekly average yield on U.S. Treasury Securities, adjusted to a constant maturity of one year, as made available by the Federal Reserve Board, plus the applicable margin. The initial interest rate is independent of the index, and has been discounted. This rate may increase on the first adjustment date, in accordance with the formula outlined above. The Annual Percentage Rate is based upon closing on the first day of the month, on owner-occupied property, with a minimum 20% down payment.

In response to a question concerning insurance and liability, Wilczynski noted that the Youth Activities group has some bonding and that the lessees of the Dorothy Manor building had their own insurance. "We do not want to put the Town in jeopardy," he said. The Board voted 5-0 to support leasing both buildings.

- Chase continued his report, stating that Chief Brady has not as yet been released by his doctor to return to work.

- Chase reported that Hunter Greenwood is proceeding with a layout and plan for the waterhole located at "Old Common".

- At 7:30 p.m., a Public Hearing was held on a request for a permit to replace a storage tank for 500 gallons of gasoline by Mr. Cataldo of C&S Lumber, 124 Main Street. At 7:35 p.m., a Public Hearing was held concerning storage of 500 gallons of gas and 2,000 gallons of diesel fuel in underground storage tanks by C&S Lumber at McCracken Road.

Fire Chief Thomas Nault presented his recommendations, noting that under federal and state laws any spills that may occur in replacement of tanks could result in a fine of $10,000 per day, per tank. A time frame for installation of new tanks was established by the Board for June 30, 1988 with the support of the Fire Chief and agreement by Cataldo. Approval was granted on a 5-0 voice vote.

Nault noted that if the deadline is exceeded, under existing laws the tanks would be required to be pressure tested by a state certified company. He also concluded the Hearing by stating that there will be many more similar hearings as people become more aware of the law and come forward, as did Cataldo.

The Board met briefly with Sim Moon Oh, a representative of VAV International, the design engineers for the new heating, ventilating and air conditioning system at the Town Hall.

Oh stated that calculations will be completed in a week and solid budget guides will be available by December 1st, before bids go out.

Cristo indicated that a Special Town Meeting would not be held until after the first of the year and that he thought figures closer to the first of the year would be more appropriate.

Adams stated that figures and costs should be as accurate as possible for presentation to the finance committee. "Facts have to be available to support why we arrived at that figure. It's an embarrassment to go the town meeting and then go back again for more. Estimates should be able to cover completion costs of the whole project." Oh stated that he had to figure out contingency fees and costs until all aspects of the system are checked.

Oh then went on to discuss a humidification system, noting that if the Board elected to incorporate such an addition it would add $10,000 to the cost. Oh stated that the subject was brought up by the town employees who reported that they experience dryness in the working environment. Oh added that, with the new design system, humidification would not be necessary.

- Under "Old Business", Chase informed the Board that bids for the Waters Mansion Project will be advertised.

- The Board was informed that Barry Fogel, Regional Manager for the DEQE, indicated that his office had received no complaints concerning Lewcott Corporation over the past three weeks. Chase reported that he had not received any complaints and that the new fume incinerator is working at all times. He also noted that Polyclad has received approval from DEQE for its proposed pollution control system.

- Donnelly reported that the DPW Study Committee is awaiting an opinion from town counsel concerning the start-up of a Department of Public Works.

- A brief discussion ensued on the parking of vehicles on sidewalks on several streets in town. It was the consensus of the board that parking regulations were not being enforced. Selectman Donald Gauthier noted that the Chief of Police has been informed several times but that nothing has been done.

- Chase then reported that Mr. Larosa is making contact with the various utilities to coordinate any work they may be planning on doing in conjunction with the rebuilding of Millbury Ave.

- Cristo turned the meeting to "Correspondence Received". Gauthier read a letter from a citizen concerning the possibility of installing a crosswalk on Route 146 after the Shell station. Cristo suggested that the letter be included in a file for discussion at a proposed public hearing on the 146 Corridor Project.

- Upon the return of Chase from the Sewage Commission meeting, the Board voted 5-0 to abide by the Sewage Department's standards for work performed in conjunction with the Oakwood Heights development project.

- Cristo stated that he had spoken to Al Bove of the Sheriff's Department concerning the use of Worcester County Special Police for road work duty. He indicated that Bove stated that the county would provide liability coverage.

HERE . . . THERE . . . EVERYWHERE

Bits 'n Pieces

. . . Joe Morin

CONFUCIUS SAY: "Tis a smart man who still has an external antenna hookup for his TV and doesn't depend on the Cable System when a storm hits!"

HI FRIENDS! To start things off, this time we have to tell you about a new branch of psychology that's just beginning to catch on; it's called Psycho-Ceramics. It is a study of crackpots! And speaking of crackpots, how about that screwball in California who has a bumper sticker with this comment: "Honk your horn if you want to get shot at!" Look the bum up!

BEAUTIFUL SIGHT - Driving home one evening high on Putnam Hill Road in Sutton, we spotted a beautiful sunset and silhouetted against this sight was a flock of Canadian Geese just a-flying and meandering around. Nature and its season at its best!

A RELIGIOUS QUESTION: And Jesus said unto them: "Who do you say that I am?" And they replied, "You are the eschatological manifestation of the ground of our being, the kerygma in which we find the ultimate meaning of our interpersonal relationship." And Jesus said, "What was that all about?"

BALONEY sandwiches sell well on Election Day. That comment was made by a restaurant owner in Worcester during the past election. They should sell well in any election, in any town, on election day.

THERE'S BEAUTY even in a dumpster. While walking the streets in Worcester (my lunch hour, to be exact) we noticed an elderly woman, kinda well-dressed, rummaging in a dumpster. We kinda slowed down to see what she was up to. She bent over, swished and pushed all the junk around. Bags were flying in the air, old papers, shoes, garbage. She dug and dug as if she knew what she wanted. Well, begorra! She DID find what she wanted. She gently picked out of all this junk a plant, still in its pot, a little bent over, a little scraggly, but nevertheless, to her something worth saving out of all this mess. She gently removed it, cleaned it up a little, turned around, showed it to me (she knew I was watching) gave me a little smile and proudly went on her way. God love her! (Thanks, Joe! If my husband ever throws that plant out again, he's in big trouble!--Ed.)

ON THE OTHER side of the scale - still walking toward City Hall we noticed graffiti all around the front of this other Baloney Factory. Graffiti we've seen before, but not like this kind. It was depressing, sad. The words kept repeating themselves: "Death","Sex", "Pot", "Die", "Murder", "Love", "Rock", "Kiss". But what really was sad was "Death is the only way out!" God help them! Maybe it's all our job to help these kids, these people....

HEY! MANCHAUG! Are you still out there? We haven't been hearing any news from God's country lately. Everything still ship-shape? Barbara B., Margaret A., what's happening? Things can't be that quiet around town. Miss you all!

WELCOME ASSOCIATE PASTOR Father Robert Spellman to Millbury and Assumption Church. **WHAT IS A PASTOR?** A Pastor is one who has the disposition of an angel, the faithfulness of a prophet, the loyalty of an apostle, the fervency of an evangelist, the devotion of a mother, the strength of an ox, the tenacity of a bulldog, the daring of a lion, the meekness of a lamb, the patience of Job, the vision of an eagle, and the hide of a rhinoceros.

MY IDEA OF a shopping center would be Sears at one end and Lechmere at the other. In between, throw in a Kresge's, a Woolworth's, a W.T. Grant, maybe a Caldor's, a few outdoor restaurants (Parisian style), and for the upper crusts of our society, throw in a Mcdonald's. Don't forget Newberry's!

NAUTICAL SISSY News. How about the latest edict from the Navy Department that it is now permissible for sailors to carry umbrellas. The only restrictions are none are to be carried during maneuvers, while on ship, or during a conflict. Good Grief! And how about this one: A guy in California fell into the brink and the Coast Guard was called in to help. He weighed in over 350 pounds; they had to tow him in. I kid you not!

YOU WANNA SEE a mess? Manor Road and Wilson. These roads were nothing to crow about before the sewer excavation. But baby, you should

see 'em now! I've seen cow paths kept in better condition. We never had that problem in Manchaug! Right, gang? **HERE COMES THE** Judge! Well, the boys in Washington finally got ahold of a winner. Hopefully! A.G. Meese has struck out twice in submitting names to the President. If you ask me, Meese doesn't look that bright a person to be A.G., but who am I to say! When the Pres goes, I think Meese won't be far behind. Another sight I'm going to miss is Mother Reagan and her dog on the way to the helicopter.

PEEK-A-BOO! It seems a few scientists wanted some close aerial shots of parts of our country for some scientific study. It also came out that the government doesn't have good, clear shots for the scientists. Well, here's the clincher. Russia told the scientists that they have all the clear pictures they want of the United States taken from THEIR spy satellites. Cost? $1,000 per shot. How about that!...**SATAN AT WORK** again: that box of chocolates given to a woman, which contained a bomb and exploded in the Beirut Hospital; that bomb that went off during the ceremony in Ireland honoring the war dead. And they say that Satan doesn't exist!

I FOUND the horn but where in the heck is the light dimmer switch? On the way to work early one morning we kept on getting the horn and sometimes the "one finger salute" from other drivers. Uh-oh! Our high beams were on. Good Grief! Where's the dimmer switch? I did the Mexican Shuffle on the floor, tried the Mexican Hat Dance looking for the floor dimmer switch. Would you believe that I never found it until I arrived at the parking lot? It was on the horn switch but activated the opposite way. That goes to show you how long I had my old Yellow Bird. Now that was old!...**TV SCENE** - I just wonder how may young 'uns have access to early evening TV. It seems that Channels 38 and 56 have been showing some very rough stuff lately. Real rough....Kids today know more at 10 years of age that we knew at 15.

YOU'D BETTER take some reading material when you go to Zayre's Department Store, or any store for that matter. They are so short of help that the wait in the check-out line is getting to be a long, long one. Some of the clerks are really at wit's end. They're underpaid, overworked. Let's be kind and patient with them this season....**HOW YOU** parents out there are going to afford the price of Christmas gifts this season for the kids is beyond me. The prices are out of reach for many parents. Good luck! **STUDDED SNOW** tires were called for during the last mini-storm. The snow was plowed/compacted into a sheet of ice. Ordinary snow tires just about handled it. Took a long time to have sand/salt spread. I guess they were caught with their plows off/sand buckets empty again! What's it going to be like when we have a real humdinger of a storm? **PAIN IN THE DUPPA** those people in the 10 items or less line with a carriage overflowing with groceries. The guy behind them having to wait with four items. There ought to be a law!....**BRUCE WILLIAMS,** the late night talk show host, has the disgusting habit/saying of asking the callers how many "rug rats" they have at home, meaning little children. I think I'll drop him a line to tell him to "knock it off!" **DID YOU** know that there is an outdoor lighting system available whereupon any person (snooper or otherwise) or car approaching the light will automatically turn it on? Good idea. Put 'em all around the house....**HOW ABOUT THAT** new medication to be available for heart attack victims. It's supposed to clear a clot in no time. Price tag? $2,000 per shot. There goes the poor guy left out again. Back to the aspirins!

WELL friends, enough of me. I take this opportunity to bid you Peace! Peace in your hearts, your families and peace with your Creator. I guess the greatest aim in human life is to die in peace with our God. Shalom!

HAPPY THANKSGIVING

Your Friend, Joe Morin

Sutton Public Schools Receive Grant to Expand Drug and Alcohol Education Programs

SUTTON. Representative Richard T. Moore (D-Uxbridge) has announced that the Governor's Alliance Against Drugs has awarded the Sutton Public Schools a $2,684 grant as part of the Drug Free Schools Act to expand the drug and alcohol education programs in Sutton schools. The funding is available immediately once the final spending plan has been submitted to the Alliance.

Moore stated that he is encouraged by the many superintendents who have joined the Alliance and will be working closely with the Alliance to achieve the goal of drug free schools by 1990.

DEADLINE

The deadline for all submissions to the *Millbury-Sutton Chronicle* is 12:00 noon on Saturday of the week prior to publication.

450 Attend Post Office Open House

On Saturday, November 21st, the Millbury Post Office sponsored an Open House attended by 450 Millbury and Sutton residents who were given a tour of the facility in full operation. At 8:00 a.m., postal employees had already been at work for several hours preparing for the day's delivery.

Bruce Walberg, Millbury's newly-appointed Postmaster, took the tour guides through a dry run, underscoring the features he wanted stressed. "Most people only see the carrier on the route or the clerk at the post office," he said, "and few people realize that there are four modes of delivery: rural, city, post office box, and general delivery." He went on to explain that the most secure method of delivery is the post office box. For a fee, a resident can rent a box and receive his daily mail by 9:30 a.m. The renter also has the option of having mail delivered either to the box or a home address, depending on how it is addressed.

Rural delivery actually came about because of the Sears and Roebuck catalogue business. "Years ago, in rural areas people would shop by catalogue," Walberg explained, "and this was a way they could shop and have their merchandise delivered." There are five rural routes out of the Millbury post office, four in Sutton and one in Millbury. He explained that the mail is processed in the same way, but that the rural carrier is a post office on wheels. "Most rural carriers will carry a stamp stock, perform parcel post service and other services. The only time a carrier is not required to affix stamps on envelopes is at Christmas. This is because people would bring out a stack of cards, and the driver just wouldn't have time to place stamps on each one." Another difference is that the rural carrier uses his own vehicle for which he is given an EMA (Equipment Maintenance Allowance).

The normal process to mail a letter is to plop the material in an envelope, lick the flap, unstick your tongue from the roof of your mouth, address it quickly with little regard for legibility, and guess at a zip code (there are five numbers in a zip, three out of five should be enough, right?) Everyone assumes that the post office knows all of the zip codes, so there's no compelling reason to get that item correct - close is good enough.

Walberg, however, expialned the importance of properly addressed mail. Mail deposited in the Blue Mail Boxes placed at various locations is collected and taken to Worcester in bulk form. There, the Optical Character Reader (OCR) reads the zip code on the letter and sends it down different chutes to be delivered to different post offices for further distribution. Walberg explained that this machine is much like the devices which people see at supermarkets that read the bar codes on packages. The machine identifies zip codes, and

to each address in rain sleet, snow, etc., etc.

The other postal employees who have visibility are the Window Clerks. They take care of the variety of services which the post office offers: dispensing stamps, changing addreses, selling numerous items for stamp collecting, etc.

On the final stop of the tour, Frank Bunowski presented visitors complimentary stamps donated by area philatelists. Bunowski is post office liaison for the highly successful Ben Franklin Stamp Club which is active at the Millbury Middle School through Carole Chiras and at Assumption School through the efforts of Grace Laflash. He explained that local stamp collectors will often drop off stamps which the Post Office then distributes to members of the stamp club.

Walberg is very proud of his department and the service which it renders to the community. The open house was an attempt to educate residents to the intricacies of postal delivery, the knowledge of which he feels will expedite the delivery process both for the patron and the postal employee.

will not pick up those letters without one. Mail which does not carry a zip code is sent to another location for hand coding. "If the letter has the wrong zip code, it is automatically sent to that destination first and only then is the mistake discovered and corrected. The letter is then re-mailed and has to go through the entire process again, wasting a lot of time," he said.

The bulk mail having the Millbury zip code, 01527, is delivered in bulk to the post office. This mail then has to be broken down into carrier routes. Clerks arrive at the post office at 3:00 a.m. to begin the sorting process. They have been trained to identify the delivery scheme and hand sort each piece according to the address. There are eleven carrier routes and five rural routes.

When the Mail Carriers arrive at the post office, they have tray upon tray of mail waiting to then be resorted according to their delivery sequence and residence slot. "The mail Carriers are the most visible employees of the department. They are identified as the post office," he said. From here the mail carrier hand delivers the mail

Mt. Carmel Christmas Fair

Board members felt that private contractors should hire their own people for traffic duty, such as flagmen or state police, thus deferring any liability to the Town.

- With respect to the Dwinell Road issue, Chase informed the Board that Planning Engineer Chris Nelson stated that zoning by-laws indicate that only one house per lot is allowed, thus a permit for a dwelling on Dwinell Road was not issued to Kathy Blash. Cristo suggested that the information be relayed to the Blashes, with the recommendation that they discuss their situation with the Planning Board.

- Selectman Roland Lachance reaffirmed his opinion that a foot patrolman be re-instituted in the downtown area. He deferred discussion to a later date when Chief Brady returns to work.

- Wynton Adams reaffirmed his request for information on the status of two buildings in the downtown area.

- Since there was no new business on the agenda, the Chairman recognized Fred Vulter, Chairman of the 175th Anniversary Committee and Town Treasurer, Dave Cofske.

Vulter informed the Board that he and Cofske were concerned with establishing a procedure for banking money from the sale of tickets for the Anniversary Ball. Vulter noted that if money is placed in an account bearing the name of a Committee member, that member would be responsible for taxes.

Following some discussion, Cofske stated that he would check with neighboring towns to see how they handled similar situations.

Lance Cpl. Ordway Home on Leave Following Aviation Electronics Training

Lance Cpl. Adam J. Ordway, USMC, is home on leave following six months training in aviation electronics at the Naval Air Tactical Training Center in Millington, Tennessee. He will be reporting to the Naval Air Station at Lemoore, California for three more months of "hands on" training before being stationed at the Marine Air Base in El Toro, California.

Lance Cpl. Ordway is the son of Allan and Meredith Ordway of 65 Elmwood Street, Millbury. He is 1986 graduate of St. Peter-Marion High School.

Microwave Techniques for Cooking Holiday Hors d'Oeuvres

MILLBURY. On Wednesday, December 2, the Millbury Public Library will present Microwave Techniques for Cooking Holiday Hors d'Oeuvres. This program will be held at the Millbury Public Library, 128 Elm Street, at 7:00 p.m. in the meeting room.

The guest speaker for this program will be microwave gourmet, Meredith Ordway. Ms. Ordway will explain and demonstrate how to make interesting and tasty hors d'oeuvres for the upcoming holiday season. Registration is necessary. To register, call 865-1181 or stop by the Library. This program is sponsored by the Friends of the Millbury Public Library.

Country Arts and Crafts Fair

WORCESTER. Salem Covenant Church will hold a Country Arts and Crafts fair featuring a variety of handcrafted items for sale, offered by gifted artisans throughout the area. The fair will be held at 215 Mountain St., East, on December 5, from 9:30 a.m. to 3:30 p.m.

Also featured will be the following: homemade baked goods, donuts and coffee, light luncheon.

Bonnie L. Crabbe To Receive Superintendent's Award for Academic Excellence

MILLBURY. Dr. Alfred J. Sylvia has announced the selection of Bonnie L. Crabbe, of 3 Gilbert Way, for the Superintendent's Award for Academic Excellence. The award will be given by Superintendents throughout Central Massachusetts to honor their top academic students at a luncheon at Assumption College on Tuesday, January 5th.

Miss Crabbe is ranked first in the Senior Class and has been enrolled in college preparatory curriculum and in a number of honors courses. She is a member of the Honor Society and has maintained a very high academic average throughout her high school years.

Miss Crabbe plans on attending college and majoring in mechanical engineering. She has been nominated for Norton Company's Alfred University Scholarship and was nominated for the University of Massachusetts Chancellor's Award.

Women's Candlepin Bowling League

A 306 took top honors this week as Hope Stockhaus rolled strings of 102-88-116. Second high was rolled by Pat Gaspar with strings of 99-101-99 for a 299. Third high was a 293 rolled by Joan DeSantis with strings of 95-99-99. Aggie Boire came in fourth with a 292, rolling strings of 111-95-86.

Receives Realtor Designation

SUTTON. Peter Fitzpatrick, of 45 Hough Road in Sutton, recently received his Realtor designation from the Greater Worcester Board of Realtors. Peter, a sales associate with Fitzpatrick Real Estate in Millbury, graduated from the Millbury Public Schools and Worcester State College.

He is anxious to be of service to people who are looking for homes, land, and rentals in Millbury, Sutton, and the Southern Worcester county area. Peter can be reached at Fitzpatrick Real Estate, 865-4107 or at his residence, 234-8582.

Salisbury Singers to Present "Amahl and the Night Visitors"

WORCESTER. Mechanics Hall will be the setting for Salisbury Singers Production of the holiday opera "Amahl and the Night Visitors" on Wednesday, December 2, 1987. The opera, by Gian-Carlo Menotti, is the story of a young boy who is visited by the Three Kings on their journey to Bethlehem. For the past 11 years, Salisbury Singers has presented "Amahl and the Night Visitors" in Worcester and outlying towns.

Directed by Ann Marie Shea, the production will feature sets by Alan Goodwin, lighting design by Donna Church, and costumes by Cyndi Pupelis. The singers will be accompanied by the Salisbury Chamber Orchestra, conducted by Malama Robbins.

For the past three years, the singers have performed two concerts a year as ensemble-in-residence of Worcester Art Museum as part of the Morgan Memorial Organ Series.

Tickets are $8 and $6 for adults, $5 and $3 for children and are available by calling 752-0888 or 753-8685.

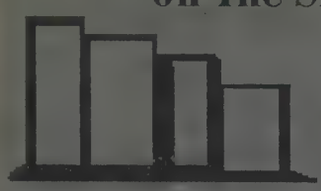
On The Shelf



By Rosemary Waltos

For the aspiring artist and the talented craft person, the Millbury Public Library offers a collection of books that you're sure to want to check out.

DRAWING ON THE ARTIST WITHIN by Betty Edwards - Edwards is the author of the popular ***Drawing on the Right Side of the Brain.*** Both books are based on the idea of developing and nurturing the creative process by developing the visual and perceptual mode of the right hemisphere of the brain, which handles visual, spatial and perceptual information. This is a practical and inspirational guide for folks who swear they can't draw a straight line, but secretly wish they could. (741.2 EDW)

FOLK ART DESIGNS: FOLK ART FIGURES & PRIMITIVE SCENES - This book helps you develop and express your own creative ideas for country style projects with page after page of full size folk art designs. (745 FOL)

CHIC CROCHET SWEATERS - This book contains instructions for 35 stylish crochet sweaters. Each sweater is accompanied by a full page color photograph. If you like to crochet, but you hate the clunky styles that you find in most magazines and books, you'll love the sweaters found in this book. (746.43 chi)

Another great book for great looking, stylish crochet sweaters is ***HOOK KNITTING.*** (9746.43 HOO)

AFGHANS TO KNIT & CROCHET - This is a *Better Homes and Gardens* publication that includes both knit and crochet afghans. You'll find enough patterns here that both the novice and experienced will enjoy creating. Each afghan pattern is clearly written and accompanied by a full-page color picture. (746.9 AFG)

WATERCOLOR: YOU CAN DO IT! by Tony Couch - If you want to learn how to do watercolor or how to do it better, this clearly written, profusely illustrated book will help you do it. Artist and author, Tony Couch, uncomplicates watercolor concepts and helps you to learn how to compose a painting in terms of shapes and symbols, to think of color in terms of basic hues, and how to apply the techniques of painting in watercolor. (751.42 COU)

MASTERING CALLIGRAPHY: A COMPLETE GUIDE by Tom Gourdie - This is a basic primer for someone wanting to learn how to do calligraphy and italic handwriting. Along with lettering techniques, basic layout and design is covered. (745.6 GOU)

OLD NEW ENGLAND SPLINT BASKETS AND HOW TO MAKE THEM by John E. McGuire - This is probably the best book on how to make ash splint baskets, a tradition in new England. This book takes you through a step-by-step explanation on how to create three basic ash splint baskets. Each step in this process is clearly illustrated with large color photographs and diagrams. You'll also find important information on where to purchase materials and learn more about this folk art. (746.41 MAC)

THE GINGERBREAD BOOK edited by Allen D. Bragdon - If you are looking for something different to do, try one of the over 100 gingerbread projects found in this book. This is a complete step-by-guide to make, shape, bake, decorate and construct with gingerbread. You'll find lots of holiday doughcraft ideas in the book ***CHRISTMAS DOUGHCRAFTS*** by Lorraine Bodger. (745.5 BOD)

ATLAS OF HUMAN ANATOMY FOR THE ARTIST by Stephen Rogers Peck - This is an important book for artists studying the human figure. This heavily illustrated book dwells on all facets of the human body: bones, muscles, surface anatomy, proportions, equilibrium and locomotion. If that's not enough, other unique features on the types of human physique are covered, such as an analysis of facial expressions. (743 PEC)

COMPLETE BOOK OF MACHINE QUILTING by Robbie and Tony Fanning - If you're using your sewing machine in a quilting project, this book is a must for you. This book provides valuable information on quilting techniques not found in most quilting books. Explicit and thorough instructions guide you through creating quilting projects using applique, decorative stitchery, freeform quilting, and mitering and binding methods. (746.46 FAN)

COMING UP AT THE LIBRARY

DECEMBER 2, at 7:00 p.m. - MICROWAVE TECHNIQUES FOR COOKING HOLIDAY HORS d'OEUVRES. Join microwave gourmet, Meredith Ordway, in an interesting and tasty demonstration of how to use your microwave oven for holiday entertaining. This program is sponsored by the Friends of the Millbury Public Library. Register by calling the library at 865-1181 or in person.

DECEMBER 2, at 3:30 p.m. - MAKING CHRISTMAS CARDS - Kids are invited to come and join in on the fun of making Christmas cards for their own holiday greeting.

DEADLINE

The deadline for all submissions to the *Millbury-Sutton Chronicle* is 12:00 noon on Saturday of the week prior to publication.

School Committee Discusses Annual Fire Drill Procedure

By Edward J. Cooney

NOVEMBER 18, 1987

The meeting was called to order at 7:30 by Acting Chairman Ed Wilczynski. Also present were Committee members Patricia Cooney and Bruce Pease.

- Following the correction and approval of previous minutes, Wilczynski turned to Item 2 on the agenda. This item concerned a request for financial assistance in payment of 50% of custodial costs for use of the Middle School Gym by the PeeWee League Basketball Program.

Superintendent Alfred J. Sylvia recommended absorbing 50% of the cost and the committee approved. The School Department's cost will be $1,500.

Mrs. Cooney asked Mr. Pojani, president of the PeeWee League, if the $20 fee per family would be reduced. Pojani stated that it was anticipated that the fee would be reduced within a year and hopefully the following year the fee would be eliminated.

Wilczynski made reference to a letter in each member's packet of information concerning a problem at a peewee practice at the Middle School. Pojani stated that the matter had been handled internally within the peewee organization.

- Item #3 was placed on the agenda by Wilczynski to discuss the annual fire drills in the Millbury schools.

Wilczynski stated that he hoped that next year better communication between the Administration and the Fire Department could be developed.

He suggested that principals notify the fire department of dates that may cause conflicts. He also noted that a fire drill conducted during the Iowa Testing was not conducive to a good program. "No one really liked it. What happened was unfortunate. It disrupted testing."

Wilczynski suggested that the administration give the fire department early notification of events in the schools. Dr. Sylvia in turn suggested that the fire department communicate with him a week before they plan to come.

Wilczynski noted that the fire department had chosen that particular day because of ideal weather conditions.

Pease stated that a week's notice on upcoming events should be sufficient notice for the Fire Department.

Mrs. Cooney stated that she was advised that in other communities the fire department notifies the schools a week in advance. She also asked Dr. Sylvia if the fire department checked the alarms to see if they were working and if they ran the alarms twice. "I understand they were not in working order." Sylvia replied that the alarms did not work but were repaired the next day.

Mrs. Cooney also inquired if the fire department had been asked to test the Middle School first and the come back to Elmwood Street. Sylvia replied that they were asked.

Wilczynski then stated, "We have only one viewpoint". He went on to say he and Hanratty had spoken to the Fire Chief and to the Deputy prior to attending the Tuesday night selectmen's meeting and that the superintendent will be receiving a report. Mrs. Cooney noted that a letter was also received from the teachers at Elmwood Street.

The letter referred to by Mrs. Cooney was a letter sent to the School Committee and signed by 21 teachers at the Elmwood Street School. In the letter, the teachers expressed their concern surrounding the fire drill on November 4th.

A copy of the letter, which was not read at the meeting, was obtained by the Chronicle. The letter read, in part, "An unfortunate and preventable occurrence caused a chaotic atmosphere, interrupting and thus invalidating the testing on that day. It is out of frustration and concern that we write this letter."

Mrs. Cooney asked, "What recommendation are we making? Inform us a week before, if possible?" Dr. Sylvia replied, "Yes."

Wilczynski suggested that the fire department be apprised of important dates. Dr. Sylvia reiterated that dates given in September may change.

Mrs. Cooney added, "The fire department informing us would be better."

Wilczynski said, "Cooperation works both ways. It is incumbent for us to cooperate also."

- Wilczynski then moved the meeting to Item #4 on the Agenda, which was presented by Dr. Troughton, Curriculum Coordinator.

Troughton spoke to teacher expectation sheets which were derived from a recommendation of the Task Force Committee on June 17th. He noted that there were questions as to what extent they were used and sent home.

Mrs. Cooney stated that a syllabus form was presented by Mr. Carmody to the committee last July. "Grade 8-12 was approved already." She went on to say that the syllabus was to be given out each term, to each student. "This committee already approved a form brought forth by Mr. Carmody. We requested that all teachers give one to each child. We have taken care of the high school. I thought this was all set. Should I make a motion reaffirming our position?"

Dr. Troughton stated that grade 8-12 is in place. "We should take a look at the K-12 system. There may be other points to be added."

Mrs. Cooney stated, "This has already been done. We agreed to it. Do you need a directive from us?" Dr. Troughton noted that, in researching the minutes, he could not find a vote taken.

Wilczynski suggested that Dr. Troughton see what he could come up with. "If he gets a hassle then we can have a policy and swing the weight of the school committee."

- Item #5 included several informational items for the chool committee from the administration.

Dr. Troughton informed the committee that the first meeting of the advisory board of school volunteers did a "phenomenal" job in getting organized, noting that there are 30 parent volunteers. Troughton invited committee members to attend the orientation meeting at the Media Center on November 30th at either 9:00 a.m. or 7:30 p.m.

Dr. Sylvia reported that on January 23 the Teacher of the Year Award Dinner, held at and sponsored by the VFW, will also honor nine teachers with service awards.

Dr. Sylvia reviewed the schedules of music teachers and informed the committee that he was looking to add another music teacher with a strong background in band, chorus and piano. Wilczynski suggested Sylvia draw up a job description and a list of objectives for the position.

Dr. Sylvia informed the committee that he had received budget requests from principals and a fall budget for 1988-89 will be ready for review no later than December 16th.

Dr. Troughton briefly reported that preliminary review of Iowa Test results show that students in Millbury scored in the average range, with the 8th grade showing stronger results in a better than average range.

Both Sylvia and Troughton indicates that the results would be examined closely and strategies developed to bring about improvements in areas of sub-skills that are weak.

Mrs. Pierce, Business Manager, reported that two-way radios will be installed when the busses are idle during the Thanksgiving break. A base station will be installed at her office. She reported that the total cost for the 14 units will be $2,350.00.

- Under "Resignations", the committee approved the resignation of High School English Teacher, Nancy O'Malley. Barbara Carpenter, a permanent sub, will assume Ms. O'Malley's position. The committee also approved the resignation of Darlene Cripe.

- Under "Appointments", the committee approved Dr. Sylvia's recommendations of the following:

1. Greg Pojani, Grade 8-9 basketball coach
2. Linda Sarsfield, Clerk at the Middle School
3. Robert Dufault, grade 8 class advisor

- Under "Addenda" items, Dr. Troughton informed the committee that each student's Iowa Test results would be mailed to parents after Thanksgiving, with a cover letter. The scores will be sent only to parents of high school students. Sylvia indicated an evening meeting will be held with parents to explain the results.

- The committee voted to approve, on a two-month trial basis, the use of a large school bus rather than a mini bus for transporting students who seek after school help in various subjects.

- Dr. Sylvia presented the committee with a sample form for evaluating administrators. Review by the committee was deferred until all members are present.

- Mrs. Cooney requested that sometime in the future a study be made concerning changing the passing grade from 60 to 65 to correlate somewhat with the passing grade of the Mass. Test of Basic Skills.

Mrs. Cooney also requested that the administration review the schedule change policy. She expressed some concern with whether students are allowed level changes, up or down, in courses after 5 weeks.

- Pease suggested, and his colleagues approved, that a letter be sent to the soccer team congratulating them on a great season.

- Pease questioned Mrs. Pierce on the cost of using the school gym after school hours. Mrs. Pierce stated that here is no cost if a gym is used during a school week when school is in session. Pease stated he was making the inquiry for Assumption Church Associate Pastor, Father Robert Spellman, who was planning on starting up a basketball team for the youth of the parish; the gym would be used for practice only.

- The last addenda item concerned the seeding of grass at Windle Field. After a brief discussion, it was decided to wait until next fall to seed.

The meeting adjourned at 9:00 p.m.

When Was the Last Time You Ate a Really Good ROAST LION?

SUTTON. The monthly supper at the First Congregational Church, Boston Road at the Common, will feature "Roast Lion". Included with this roasted combination of beef and pork will be Cream of Broccoli Soup, Mashed Potatoes with Gravy, Squash, and Cranberry Crisp with Ice Cream; and of course, the usual homemade bread will be served. Coffee, tea or milk will round out this hearty meal, all for only $5.00 for adults, $1.50 for children 12 and under, and children 5 and under will be admitted free.

The meal will be served continuously from 5:00 to 7:00 p.m. on Saturday, December 5th.

Kollios Named to Special Commission on Early Childhood Programs

BOSTON. Speaker of the House of Representatives George Keverian recently announced the appointment of Representative Paul Kollios (D-Millbury) to the Special Commission on Early Childhood Programs.

The purpose of this commission is to make an investigation and study to consider how to provide universally accessible and affordable child care and early childhood education programs for children in the Commonwealth. It will study and make recommendations and propose draft legislation to implement its findings.

"This Commission is essential to recognize the child care needs of working families across the Commonwealth; we will seek innovative programs to help families find quality child care which they can afford," said Kollios.

The Special Commission will report back to the legislature no later than July 1, 1988.

Indoor Flea Market and Holiday Bazaar

MILLBURY. On Saturday, December 5, from 9:30 a.m. to 3:00 p.m., the Women's Council of the Millbury Baptist Church will sponsor an indoor flea market and holiday bazaar at the church in Millbury Center.

In addition to crafts, there will be a bake table, clothing, and many good household and collector's items. Refreshments will also be available.

Sutton Historical Society Meeting

SUTTON. The monthly meeting of the Sutton Historical Society will be held on Tuesday, December 1, at 8:00 p.m. at the General Rufus Putnam Hall.

Following the meeting, the annual Christmas Auction will take place. Everyone planning on attending is asked to bring items suitable for Christmas presents, such as craft items, Christmas decorations, wrapping, material to make decorations, jams, preserves, etc. Another suggestion is for someone who enjoys cooking: orders could be taken for delivery at Christmas time.

Everyone is invited to come and have an enjoyable evening while doing some Christmas shopping. Refreshments will be served.

Aroun' The Town & Golden Agers Update

By Lillian C. Sheehan

CENTERVIEW APARTMENTS: The trip to Huckleberry's Chicken House in Middleboro was a real treat. After lunch, which was exceptionally good, shopping was enjoyed at a mall in Milford and a look at Old Shrewsbury Village, plus a visit to Hebert's Candy Mansion completing a full day!

All those planning to go to LaSalette Shrine on December 1 should already have made their reservations with Treasurer Ida L. Taylor. The bus will leave at 3:00 p.m. and the choice of menu for dinner at Welik's in Franklin is Broiled Scrod, Sirloin Tips, or Broiled Pork Chops. They will then go on to the Shrine which promises new attractions in lights this year!

Ida M. Taylor extends a cordial invitation to all tenants of Centerview, Linden and Colonial Apartments to attend a demonstration on interior decorating in the Recreation Hall at Centerview on November 30th at 7:00 p.m.

Welcome home to Ruth Pickett who was a patient at St. Vincent Hospital and a speedy recovery to Mamie Bailey who is at St. Vincent's.

All you card players, don't forget the Whist on the first Wednesday of the month, December 3rd, at 7:00 p.m. Prizes and refreshments!

LINDEN APARTMENTS: Everyone enjoyed a Spaghetti and Meatball dinner given by the Lions Club, complete with entertainment.

CAPSULES OF WISDOM

A dollar may not go as far as it used to, but what it lacks in distance it makes up in speed.

You owe it to yourself to become a success and then you owe it to the income-tax collector.

Students at Millbury's Elmwood Street School were visited by Magician Tom Cathro of the National Child Safety Council. Mr. Cathro presented a program designed to educate the children on a variety of safety issues. About six hundred students attended the shows throughout the day. This program was sponsored by the Millbury Police Department, through the efforts of Safety Officer, Sergeant Edward Perry.
